

DIGITAL SWATCHBOX

European design and quality

We're very proud of our family-owned workshops throughout Europe. Our close relationships mean that we can personally check workshop conditions and environmental standards. Our work in this area, in partnership with organisations like the Forest Stewardship Council, has won many Awards including the Guardian Sustainable Business award.

Please note, colour references are intended as a guide only. While the utmost care has been taken to convey a correct depiction, external factors such as screen quality can alter material appearances. For more information, please visit our website, or contact Adventures in Furniture for further details and samples.

SWISS DESIGN

Our exclusive wood and Fenix dining tables & chair, bedroom furniture and desks. Handmade in many sizes and a range of finishes. Designed with our partners in Zurich and produced in the workshop in Slovakia.
